ARCHEA ASSOCIATI X atlas concorde

Archea Associati has crafted six indoor-outdoor spaces, placing the diverse applications and compositional possibilities of Boost Icor at the heart of their creative process. Each detail is meticulously designed to highlight the material qualities of floors and coverings, seamlessly integrating them into modern architectural settings, and complemented by an extensive range of decorative elements. The design harmoniously blends functionality with aesthetics, allowing the ceramic products to stand out and impart a timeless sense of naturalness and elegance to the spaces.

Archea Associati ha concepito sei ambienti interni-esterni, mettendo al centro del processo creativo le molteplici possibilità di utilizzo e compositive offerte da Boost Icor. Ogni dettaglio è stato pensato per esaltare la matericità di pavimenti e rivestimenti in contesti architettonici dalla bellezza contemporanea, anche attraverso l'ampio apparato decorativo. Grazie ad una progettazione che fonde funzionalità ed estetica, il prodotto ceramico si rende protagonista, conferendo agli spazi una naturalità ed eleganza senza tempo.
