GRANITI VICENTIA BRINGS VALUE TO OUR CUSTOMERS

Graniti Vicentia provides **solutions to create spaces** that support and reflect the individuality, image and brand statement of our customers. We offer a menu of products, services and support to develop your project from the conception to completion.

Our approach is based on a collaborative team of professionals who share their knowledge to work on the project, from concept design, to the technical development of product solutions, through installation.

OUR GOAL IS ALWAYS TO EXCEED THE OWNER'S EXPECTATIONS.

■ SURFACE SOLUTIONS FOR EVERY NEED

GV Surfaces is the division within Graniti Vicentia Group that focuses on surface solutions solutions. We provide innovative solutions that respond to the interior and exterior needs of each of our customers. The flexibility of ceramics allows for each surface to be defined and chosen to create a space with design intent. The portfolio of products offered is the continued effort of GV Surfaces

to keep current. We take great care to select products displaying the **latest trends** in design combined with the **extraordinary quality** and cutting-edge technology of the constant and never-ending research of our vendors. This, along with GV Group's offer of value added fabrication services, provides our customers with **value design**, quality and the performance of surface materials.

QUALITY PRODUCTS FOR UNIQUE PROJECTS.

U.S. Products are GREENGUARD Certified. The GREENGUARD Certification Program™ is internationally recognized for evaluating product emissions and certifying building materials, furnishings, finishes and cleaning products and processes that meet stringent indoor air quality criteria defined by GREENGUARD Environmental Institute (GEI). Products undergo rigorous, third-party testing to determine their impact on indoor air pollution with requirements for ongoing verification. The GREENGUARD Environmental Institute recently announced that all flooring products certified to the stringent GREENGUARD Children & Schools™ standard can earn valuable LEED™ credits across multiple building rating systems. U.S. has more than 70 flooring products certified that can help earn up to four (4) points under the low-emitting material credit (EQ 4.3).

Color sample is for general reference only. Tile is made with all natural materials and therefore is subject to variation in color and/or veining.

PHYSICAL PROPERTIES

Water Absorption	ASTM C373
Calibrated (non rectified)	ASTM C499 ASTM C499 ASTM C485 ASTM C485 ASTM C502
Rectified	ASTM C499 ASTM C499 ASTM C485 ASTM C485 ASTM C502
Bond Strength	ASTM C482
Deep Abrasion	ASTM C1243

* All values given are for matte or honed material. No values are given for polished material. U.S. does not recommend polished surfaces in area subject to exposure from grease, oil or water. For level interior spaces to be walked upon when wet (see ANSI A137.1 section 6.2.2.1.10 – Section 9.6 for test procedure).

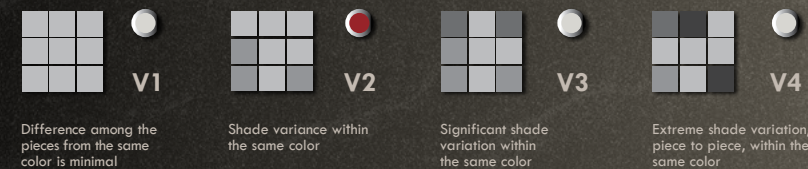

Data has been taken from a representative colored body collection. Individual product testing can be conducted by request.
