pag 248 / VARIETY AND BOOK-MATCHING

Maximum includes a certain number of different surfaces, for the same product, to create pleasing aesthetic variety in the layout. When preparing the order, the surfaces are selected randomly, and therefore book-matching is not guaranteed. Maximum is the outcome of the bond between earth and fire. Any book-matching between two pieces is subject to the typical tolerance of natural products.

pag 248 / VARIETY AND BOOK-MATCHING
Maximum includes a certain number of different surfaces, for the same product, to create pleasing aesthetic variety in the layout. When preparing the order, the surfaces are selected randomly, and therefore book-matching is not guaranteed. Maximum is the outcome of the bond between earth and fire. Any book-matching between two pieces is subject to the typical tolerance of natural products.
